

Thought for the week:

"Chase after money and security and your heart will never unclench. Care about people's approval and you will be their prisoner. Do your work, then step back. The only path to serenity." - Lao Tzu

This Week @ TIS

First Aid Training

This week teachers and other staff members have been undertaking Basic First Aid training. The programme was conducted by Mr Robert Akoman who is a trainer for the Australian St. John's Ambulance Service.

The majority of staff are now qualified in Basic First Aid, including resuscitation, and this will enable us to deliver quality primary care in the case of injuries and illness at school.

For any serious injuries or children feeling unwell we shall contact parents as is the current practice.

Parents are asked to make sure that we have up-to-date contact details so that we can reach you in an emergency.

There are limits to our First Aid provision and parents should ensure that children attend school fit and healthy. If in doubt please consult your doctor.

Uniform

Remember that children should be wearing clean and tidy school uniform with suitable footwear (NOT THONGS). Fully enclosed shoes are the best footwear as they afford their feet protection from accidental injury; after all this is the accepted standard in the workplace.

In addition to our normal uniform items we are also selling school bags and umbrellas.

The bags are back-pack style, which is recommended for children carrying books and belongings when walking to school. The price for the back-packs is 30 kina.

The umbrellas are a special item in blue and white and carry the school logo, these sell for 45 kina.

Samples are on display in the school office.

P&W News

Lunch Orders

Next Friday, 13th May, the P&W will be providing Canteen Lunches. Look out for the menu and order forms next week.

Curriculum Corner

Continuing from our series on the IEA "key outcomes" the next "key outcome" is that each child will...

... work collaboratively

One who develops good relationships with others and works in cooperative ways to achieve common goals.
